

MAXIMUM PERFORMANCE. SIMPLIFIED SAFETY.

The SAYFLINE™ Horizontal Lifeline Fall Protection System

Enables two roofers to work an entire
roof safely and hassle-free, with complete
freedom of movement.

HORIZONTAL LIFELINE FALL PROTECTION SYSTEM

Some say we
over-engineer lifelines.
We say you can't
over-do safety.

SAYFLINE™ ROOF SYSTEM Model 7611907

with two 2103673 reuseable roof anchors

5901583

Two counterweights (not shown)

1202794

Two 50-ft. lifelines

SAYFLINE™ FEATURES:

EASY INSTALLATION

This system installs in minutes, with no special tools or equipment. Simply nail the roof anchors onto the roof & connect the Sayline™ System. With the built-in tensioner, tension the rope & it's ready for use.

EASY TO USE

Hook-up your lifeline & rope adjuster with shock absorbing lanyard & you're ready to work. Move the rope adjuster up & down the lifeline for vertical mobility, & pull the entire lifeline along the Sayline™ System for horizontal mobility.

EASY TO REMOVE, RELOCATE, HANDLE & STORE

Simply untension & unhook the Sayline™ System & pry the nails out of the roof anchors with a hammer. Complete system including anchors are reusable & ready for relocation or storage; new nails are required for each installation.

VERSATILE & ECONOMICAL

The Sayline™ System will adjust to fit virtually all flat or sloped wood roofs, eliminating the need for numerous systems. With a built-in tensioner, shrink down the system for compact areas or expand for larger ones.

SAYFLINE™ ROOF SYSTEMS
