

## Portable Transloading Platform

GREEN Portable Transloading Platforms provide a mobile access solution for transloading operations, either "Truck to Rail," or "Rail to Truck."

All GREEN platforms are engineered for operator safety, compliance with governing O.S.H.A. standards, and for your specific application.

### Features

GREEN Portable Transloading Platforms have many unique features:

- Custom designed to meet your application!
- May be equipped with several access options
- Various integration options with transloading systems
- Rolling base design for different site and operational requirements

### Access

- Platform and stairs with O.S.H.A. compliant handrail, midrail, and toe-board
- Available in Single or Double configurations
- Available with all model Gangways and Safety Cages / Enclosures
- Safety enclosures are standard on access equipment for operator safety while on top of trucks and railcars

### Materials / Finishes

- Galvanized steel standard
- Aluminum available
- Gray / Yellow enamel or Custom

### Engineering

GREEN designs and custom-builds portable transloading systems that meet even the most challenging requirements.

Our engineering team has over 150 years experience collectively and utilizes state-of-the-art CAD software.

### Options

- Trailer package
- Loading arms
- Hose handlers
- Pump and metering systems
- Operator buildings
